New York, New York 10022

Dear Sirs:

Please send me information regarding your support for research investigations on tobacco and related substances, such as nicotine. I have recently conducted some investigations concerning the action of nicotine on anterior pituitary function. I would like to conduct future investigations in this area and I'm soliciting support for this type of research.

Thank you very much for your consideration of this request.

Sincerely Yours,

Charles A. Hodson, Ph.D.
